

## **06.24 Students/Work Placements**

We will induct all work experience and student teachers and supply them with the safeguarding and child protection policy and other policies deemed relevant for them to carry out their duties, safely and consistently.

We will use a risk assessment model with the student to determine suitability, and expectations around the placement when commencing.

If the work experience/student is over 18 years of age, we will seek a DBS check. If there are any concerns about this student, we will apply the allegations against professionals, volunteers, and carers criteria as an adult.

If the student on placement is under 18 years of age, in some circumstances we will seek a DBS check, to help determine this, we will seek advice. If there are any concerns about this student, we will follow local children's safeguarding procedures.
