

06.18 Emerging Needs/Early Help

All Staff who have contact with a child or young person are made aware of what Early Help means, how to identify emerging needs and understanding their role within it. This means sharing information and having discussions with the Designated Safeguarding Lead, liaising with other professionals, and supporting children identified in the school (i.e. potentially vulnerable and those who are vulnerable) who may therefore need Early Help intervention.

The provision of Early Help Services should form part of a continuum of help and support to respond to the different levels of need of individual children and their families.

When providing early help provision in the early years and childcare setting, this early years and childcare setting can demonstrate they have a framework and structures to support the work including information sharing, procedures around step up into Childrens social care, robust recording & advice, and support to staff in early help activity.

Starting Point is Derbyshire's first point of contact and referral service for Children; including advice, support, and next steps. This includes a professional's advice line, and this is available for the Designated Safeguarding Lead to use.

Starting Point will ask at point of referral into Childrens Services what early help work has been undertaken and that the referral is supported by an Early Help Assessment.
